

## Our Values, Vision and Mission

For us to operate consistently and coherently we all need to share similar

### **STANDARDS AND VALUES.**

In that way and by our very nature we will automatically bring those standards and values to everything we do. We will do our very best to:

Be **EXPERTS** in Our Field

Be seen as **TRUSTWORTHY** by those we work with and for

Genuinely **CARE** about what we do, for others and for the wider community

Stand up with **COURAGE** for what we believe in and put our hand up if we get it wrong

Be consistent in our processes and actions by being **DISCIPLINED** in what we do.

### **OUR VISION**

**We are regularly sought out by existing and new customers, suppliers and partners, who recognise the value of working with Trafalgar Fire. We harness change for the benefit of our customers.**

### **OUR MISSION**

**To build a meaningful business with people who share the same high values and standards in all that they do.**
